

## Local Program for 2019-2020

### Recommended

The Board of Directors recommends that members of LWV-CC adopt a plan to hold public forums on the topics of Public Transportation and Affordable Housing in 2019-2020.

#### Public Transportation in Collin County

Discover transportation options for handling the traffic congestion that accompanies population growth.

#### Affordable Housing in Collin County

Explore trends in housing prices, what options currently exist, and what is needed.

### Not Recommended

During the program planning process, members suggested the items listed below for study or action. The Board of Directors does not recommend the study due to insufficient volunteer capacity. Two of the six forum topics were selected that are considered to be timely and of interest to the public. Any of the following non-recommended program items may be brought up for consideration at the annual meeting.

- Study public transportation in Collin County and update the existing LWV-CC transportation position.
- Hold a public forum about climate change
- Hold a public forum about immigration
- Hold a public forum about economic growth
- Hold a public forum about voting rights
